

Join our team!

Sörmland is located just south of Stockholm with nice little lakes, charming crofts and miles of forests everywhere just around the corner.

Region Sörmland is a publicly owned and democratically governed organization.

Our main areas of responsibility are health care, dentistry, public transport, culture and regional development, that we provide for the 300 000 citizens in Sörmland.

We have about 9000 employees and most of them work in health care at our 4 hospitals and 19 health care centers.

We offer stimulating, challenging and meaningful jobs with experienced colleagues, good leadership and continuous in-service training.

Side by side of the introduction at your new workplace, we offer an individually tailored Swedish language education at one of our own schools.

Welcome to join our team!

We are looking for Specialist doctor within:

- gynecology and obstetrics
- general medicine
- psychiatry
- anesthesiology
- oncology
- emergency medicine,
- otorhinolaryngology
- nuclear medicine

As a specialist doctor you meet different professions and skills, great development opportunities and a qualitative training that is adapted for you as an individual. You will also be able to teach our ST doctors. Opportunity for research is available. When you come to us as a new employee, you follow a well-established routine for training to get the best possible start.
